

received **\$55** from Sharon Baillie and Chip Carter of who received it from Ryan Nece, whose foundation has given the sum to 60 individuals with the challenge to *PAY IT FORWARD. Sound familiar?* Ryan's campaign has been named "THE POWER OF GIVING." We have accepted this community challenge in hope of turning our **\$55** into **\$20,000** to repair the 20 cars we'll give away at our **4th Annual Labor Day Car Give-away.**

**PLEASE MAKE THE TIME TO CHECK OUT THESE LINKS:**

- And our own payment links, stories and updates at <http://www.wheelsofsuccess.org>

We are calling our response to The Power of Giving "**\$55 Saves Lives**" because it will...by keeping people employed so that they do not become homeless and without hope in this challenging economy. **We invite you to donate \$55 or create your own Winners' Circle** by joining with 10 friends and each contributing **\$55**. If this is something outside your budget, perhaps you and 10 friends can each commit to \$5, making a \$55 Winners' Circle. **In either case, please consider sharing this news with five friends and encourage them to do the same. If you tell 55 friends, well that's okay too. Let's all spread the word!**

**WOS** will be approaching corporate sponsors and vendors, asking them to match funds raised or donate in-kind products to help reduce repair costs. We will *track* these donations on our website (with or without personal donor recognition) for you to follow our progress.

**100% of the Power of Giving/\$55 Saves Lives** donations will be used to repair cars that **WOS** gives out on **Labor Day** to keep families working so their lives don't skid out of control. *When it comes to giving to others, no gift is too small or too large. Thank you!*
